

## Lock Remediation Plan of Action

A student who does not meet the minimum entrance requirements for any Lock will be given the status of *Restricted*. A student who has the status of *Restricted* will not be permitted to further enroll in any education courses or physical education methods courses. The student will meet with the Program Lock Review Committee (PLRC) to discuss those areas in which deficiency has been noted. The Program Lock Review Committee shall be comprised of the Dean of the School of Education or a designee; the student's Academic Advisor; the Coordinator of Student Teaching; and the Chairperson from the Division of the student's area of concentration. Following this conference with the student, the PLRC will formulate a *Plan of Action* for the student that will address areas of deficiency. The student must meet the minimum requirements for each of the areas of deficiency within the time outlined in the *Plan of Action*.
